

ISSUE FOUR - WINTER 2010

The Western Australia Tour with Andrew Kubala

For the last three months, Andrew Kubala has toured the great state of WA from the top of Port Hedland all the way to the eastern lands of Kalgoorlie and to the coast of Perth. So many lives were transformed. Over 900 salvations and re-dedications took place along with, incredible healings, and miraculous stories. God is real in WA!

Here is a story from what God is doing in a few WA churches:

C3 Church in Rockingham – Ps Claude and Carolyn Carrello

Andrew's first night of ministry at C3 Church Rockingham started out big and just got better. Over the 4 nights we saw God move in such a powerful way. We had over 175 people lift their hands during the alter call to make a brand new or fresh commitment to follow Christ. Out of those we had over 50 new people attend church.

We had our highest attendance records during the four days with Andrew than we have had with any other guest ministry. Andrews ability to connect with the crowd through down to earth relevant preaching, with a touch of humour, had members of our church confident in inviting their family and friends to church.

Healings - We have had amazing healing testimonies come out of those four nights. One lady who was booked in for a knee reconstruction was completely healed in the service. She had carried the injury for four and a half years. She has now cancelled the operation and is attending the gym regularly.

We also had a young man with terminal with cancer was prayed for. He just went to a routine doctor's appointment in the following weeks. No cancer detected anywhere in his body!

Another lady suffered with Hepatitis C most of her life and is now completely free of any signs of the disease in her body. People were healed from scoliosis, food allergies, back problems and we are continuing to hear testimonies of how people have been healed during Andrews visit.

The members of our church have been inspired and touched by Andrews visit. Their hearts have been stirred and many have received the fresh touch from God that they have been searching for. Andrew and Janine will back to minister at our everywoman conference in October and help launch our new campus in Mandurah.

C3 Port Hedland – Ps David and Lil Hooper

One of our C3 mum's and her 12 year old son both had one leg shorter than the other. Both grew in front of their very own eyes! Also, another church member was completely healed of scoliosis and another completely healed of arthritis in their knee!

Believe TV update:

We are so excited about the incredible move of God that took place at our first recording of Believe TV.

Over 600 people came expecting a miracle in their own life or in the lives of their friends and family. As people entered the doors, you could feel faith take over the atmosphere of the auditorium. And when worship began, you could feel the presence of God fill the place with an incredible excitement of what God was about to do.

One of the most visible miracles that took place was a young guy, Luke, who was on crutches with a cast all the way up to his knee. He told Andrew that the pain was so unbearable, he had to go into the hospital the previous day. He could not touch his broken foot to the floor or a shooting pain would go up his leg.

Andrew prayed for him and then asked him to walk back and forth with him. In the beginning, he was hobbling on his injured foot and then slowly began to walk normal. A couple of minutes later he was running back and forth with his cast! When Andrew asked him how he felt, he stated that the pain only began to leave as he, in faith, began to walk around. Then the pain completely left his leg! Praise God!

The day after Believe TV, Luke went to his doctor who took off his cast and told him he was totally fine.

Praise God for an exhilaration healing process!

Here is a testimony of Tina's experience from Believe TV:

"We feel privileged to have been a part of last night's audience. Myself, my husband Russell, my step-daughter Brittane (15yrs) and our son Hugo (12months), had an incredible night. We came for my son Hugo. He has been diagnosed with Sandhoff disease. A disease where he has a missing enzyme that prevents motor skills from developing. And most children who have been diagnosed with this disease do not live to see their 3rd birthday.

The presence of God was so extremely powerful and uplifting. We felt completely comfortable being there and taking part in the prayers and healing. I think I had a smile on my face almost the whole night...God absolutely radiated through me. Brittane and Russell felt this too. We felt so empowered and wonderful, helping others with their pains and sicknesses by praying and helping God along.

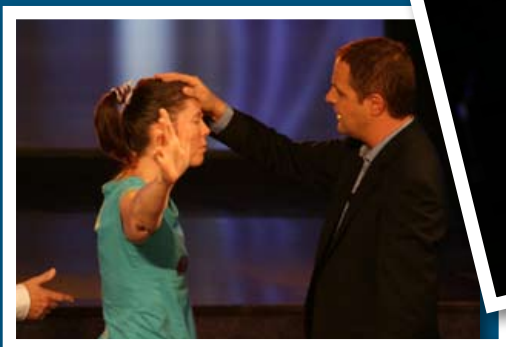

After Believe, we are stronger and more powerful than we have ever been as we know we are on the right journey as we now have a 'purpose' instead of just a 'plan'. We are filled with hope and trust in God. After last night, we have handed our son Hugo over to God, we trust him to look after him. We know that the 'shift' has started...that with continuing

prayer, we are able to see Hugo through to complete health. Last night we left Church absolutely knowing that God is with us and we are heading for a positive outcome – a miracle. Today has been a testimony to the power we felt last night. "

Thank you to all of our Faith Partners for your support with Believe TV. We are so thankful for your prayers and financial support that have made the launch of this pilot so successful.

At this stage, it is currently being reviewed by numerous public television stations. We will continue to update you as Believe TV begins its launch to the airwaves of this world.

If you would like to be a part of supporting Believe TV financially, please contact info@KubalaMinistries.org to organise your giving options.

Our Kubala Ministry intern returns back home to Germany

On July 30th 2008 my life turned around! I felt 'The Universe' calling me to Sydney so I bought a one way ticket from Germany and when I arrived I met the God of the Universe! Jesus Christ became so real to me and so alive in my life. I found the missing piece of my heart I was always longing for. A burden left my shoulders and I started to see the world in full colour, everything looked clearer and brighter and my heart softened. Ever since I've had an assurance in my heart that, 'Jesus Christ is Lord. Always has been and always will be!'

Six months later I was studying at C3 College where I discovered I had a strong evangelic gift and a desire to be involved in healing ministry. I met Ps Andrew when he was ministering at the C3 City Campus and I thought, 'This man is amazing how God heals people when he prays for them, I want that!'

A couple of months later I met Janine at Exchange where she preached and she totally touched my heart with her story which is basically pretty much I went through. She took time to pray with me and she genuinely cared.

One year later I was sitting next to Janine and Andrew in the Kubala Ministries office where I started my practical ministry. It's amazing to be able to look behind the curtain and see how life in ministry really functions. To see this couple with so much faith in what they do increased my own faith in what they do and just go where God tells me to go. God is so good!

Although I study in the Ministry and Leadership stream at College, God has totally resurrected my creative side and unlocked an incredible desire to write and to be involved in Physical Theatre which I studied back home. Using the writing gift God has given me, I have written a novel called, 'Weltkind', or 'World Child'. It's written in German and is almost finished. The story is about a young woman in her mid twenties who goes on a spiritual journey around the world to search for the truth. I run my Connect Group as a Physical Theatre Group and we are currently working on a little performance on discipleship for the young adults community in church.

Returning to Germany in August will be a huge step of faith as I try to find a publisher for my book. I hope to reach out to young girls who search for love in the wrong places and give them hope that there is a Savior who loves them and He is the real deal! I also have the privilege of being a part of a Christian Arts Festival in Frankfurt which is a pilot project put together by a group of C3 College students. I

will lead Physical Theatre Workshops for both believers and non-believers.

After two years Australia, a beautiful circle of friends, a great church community and being part of the amazing ministry of Ps Andrew and Janine, it's hard to believe I am actually leaving my spiritual home. But God has given me an incredible peace about going back to my roots where a whole nation is crying out for spiritual encounter with a living God and is desperate for light in the darkness.

'I will give you every place where you set your foot, as I promised Moses.' (Joshua 1: 3) Amen!

Miracles are taking place!

Thank you for coming to CCC San Diego, where I received healing and am still feeling great. I have not taken any asthma medication since June 6th when you prayed for me. I am still keeping the healing and will not let the enemy steal it away!
Barbara, USA

Dear Andy, I want to thank you for being so obedient to the Lord. You prayed for me on the Gold Coast at Generation Church. My right leg used to swell up and was very painful. You prayed for me and it was healed!
Angela, Gold Coast

I'd been diagnosed with anorexia and made no progress after months of therapy with a psychologist. My youth pastor gave me a copy of your book, 'Princess'. You signed it and prayed for me, and God showed up in an amazing way, it was awesome! I read your book and my bible for the next few days and God has fully healed me!
Rachel, Christchurch NZ

I have lived a secret life since the age of 8 when my older brother started sexually abusing me. The abuse stopped when I was 15, but it didn't

end the war going on inside me. I have been in and out of counseling, taking drugs, and cutting my wrists and legs. I eventually attempted suicide, but no matter how hard I tried I just couldn't get myself fully dead. When I heard you share your testimony I felt a warmth come over me and I knew my life could change. I listened to 'The Pathway to Freedom CD' and I forgave my brother. After that I was healed and I knew that God was with me because I didn't feel alone any more. I no longer feel sad and all the tears have stopped.
Heidi, Dunedin NZ
