

It's hard to believe its September already! It seems like such a cliché, but sometimes I really do stop and wonder 'Where has all the time gone?' I was tucking my son Jonathan into bed a few weeks ago he said to me, 'Mum, last year I was only like 3 or something and now I'm 6! How did that happen? How did I get so big so fast?!' He seems to be working out at a very young age that time is precious and it moves quickly.

Andrew and I both feel the burden of time, every passing moment brings us closer to eternity and increases our passion to deliver the message of the gospel as effectively as possible. Jesus' command to us in Matthew

28:18-20 to 'Go and make disciples of all the nations', is our life's mission. Over the past few months we feel as though we have entered into a new season of expansion and acceleration of the vision God has given us. Doors are continuing to open up around the world for us to minister salvation and healing, in particular within the nations of Asia. Its exciting to see what God is doing around the world and how eager people are for the reality of a God who loves them and who desires to bring salvation and healing into their worlds. Thank you for partnering with us in this vision. As we travel you are alongside us on the journey.

We are also excited about welcoming a new group of interns into our team next year. An important part of our vision has always been to raise up more evangelists to expand and extend the reach of the gospel. I'm continually challenged by the message Jesus delivered to his disciples in Matthew 9:37-38, 'The harvest truly is plentiful, but the labourers are few. Therefore pray the Lord of the harvest to send out more labourers into His harvest.' 2012 is going to be an incredible year of harvest and Andrew and I are praying now for our interns. If you would like to find out more about the Kubala Ministries internship programme please contact our office at info@kubalaministries.org

PATHWAY TO FREEDOM SEMINAR

On the 18th of July, Ps Janine held her first Pathway to Freedom seminar at C3 Mackay. The Pathway to Freedom seminar, which is designed to bring hope and healing for people dealing with life controlling issues such as depression, addiction, eating disorders and mental illness, was very successful. C3 Mackay did a great job in promoting the seminar through local churches and community groups and there was a great turn out.

The seminar consists of both teaching and a time of ministry and prayer. It covers topics such as dealing with shame, making good choices, breaking destructive thought patterns,

establishing boundaries, building healthy relationships, and forgiveness. It is always amazing to see the power of God at work through His word and through His Spirit.

If you would like to find out more about the Pathway to Freedom seminars or are interested in hosting one at your church please contact the Kubala Ministries office.

Ps Andrew ministering at Get Smart Auckland

GET SMART 2011

It was our honor to be involved in Get Smart 2011 and to minister at Life Church with Ps Paul and Maree de Jong in Auckland, New Zealand this past July. Get Smart was an amazing event held in Auckland and Nelson with over 2,500 delegates hungry and ready for a God encounter, making Get Smart an unbelievably exciting event. For me the highlight was seeing so many young people coming to Christ at each of the evening services, so much so that the altar was overflowing! Even when I was holding an elective teaching on Moving in the Miraculous, the altar call still was filled with people giving their lives to Christ or recommitting their life to a God focused relationship. Young people's lives have been changed forever because of this conference.

Ministering at Life is always a highlight as Ps Paul and Maree de Jong have built an amazing church of over 8,000 people that is shaking New Zealand for Christ. Janine and I spoke 6 times over the Sunday whilst at Life and saw an incredible move of God with over 150 people responding to the salvation altar call. We also saw numerous healings in Life's Open Heaven services. It truly was an amazing time at Life and Get Smart!

Ps Andrew teaching on moving in the gift of healing.

WOMEN'S RETREATS IN CAMBODIA

In August, Ps Janine returned to Cambodia with Ps Carolyn Carello from C3 Rockingham to hold retreats for pastors wives and leaders through New Life Fellowship in Phnom Penh. Two retreats were held, one in Phnom Penh for the city pastors and leaders and one in Krang Thong Village for the provincial pastors and leaders.

There were approximately 100 women in attendance and Ps Janine and Carolyn ministered in the areas of working

alongside your husband in ministry, healing of the heart, the power of words and effectively communicating the gospel message.

Language and cultural differences are no limitation for the power of God. Both Ps Janine and Carolyn ministered with interpreters and the women had access to Khmer bibles, however the strongest form of ministry was through the power of the Holy Spirit, prayer and impartation. The power of God was

evident in all of the meetings and there were a number of salvation decisions, miracles of healing and women being set free from different forms of oppression.

The women's retreats are just a part of a much bigger work that God is doing amongst His daughters in Cambodia. It's exciting to be a part of what God is doing and to be partnering with C3Rockingham and New Life Fellowship in this ministry.

FIONAS TESTIMONY

Luke 12:32 "it is your Father's good pleasure to give you the kingdom".

We believed for God's blessing after giving into a miracle offering. Last March we sold our home for the asking price, to a cash buyer, no strings attached, with over a 400% increase in value! Recently diagnosed with osteoarthritis & overwhelmed with despair I sought prayer constantly. The day after the sale of our house, I experienced an instant supernatural healing! Quite shocked at the instant relief, it took me a little while to trust that it was going to last. The associated (and documented) leg-length discrepancy has also now been declared to no longer be evident, with no medical explanation ... But God! Now, as a pharmacy assistant, it is my delight to bring the presence of God into the workplace with me and see His favour bring unexpected relief in many peoples' chronic conditions, particularly skin complaints like eczema, psoriasis and ulcers. We have a gospel of Good News! His goodness is extended to all!

James 1:5 "If any of you lacks (wisdom), let him ask of God, who gives to all liberally and without reproach, and it will be given to him."

Fiona Cooper, TAS

A THOUGHT ON HEALING

In a world surrounded by sickness and pain, a commonly asked question by those seeking hope is, 'did God create us to live in pain'?

God created a perfect earth when we read about the Garden of Eden in Genesis. We were intended to live a life free from pain and suffering, a life on earth that mirrored Heaven. It was through the fall of man that this perfect creation was broken and pain and suffering entered the world. God did not promise a life without pain, a life free from suffering but He did promise that He has overcome it. Sickness is not from God. We live on an earth where Satan rules the air (Eph 2:2) and we have to fight this using the word of God to overcome everything that opposes health and prosperity. Isaiah 53:5 – 'But he was pierced for our transgressions, he was crushed for our iniquities; the punishment that brought us peace was on him, and by his wounds we are healed.' Be encouraged, your healing has been paid for! Together lets fight daily proclaiming the Word of God to see breakthrough in your life! We believe!

Heather Hetzendorfer, Intern

TESTIMONIES

We have struggled to get pregnant and it took us 4 goes of fertility needles. Ps Janine prayed for me when she came for our women's conference. We are now having a little boy! He is such a miracle to our whole family! God is so good. — Tara Drysdale, QLD

I am writing to let you know that at Presence Conference I was healed of back pain when you prayed from the pulpit. You prayed a simple prayer and I felt heat in my back and was instantly set free from pain. Praise Jesus! — Gaby, NSW

You might recall praying for my 8 year old daughter Sunday night. She had been lactose intolerance since birth and the smallest traces of milk bloated her stomach and caused her to have pain. The Lord healed her that night! She is now able to eat cheese, yoghurt and chocolate which completely amazes us! Praise God! — Michael, WA

Thank you for your prayers. Ps Janine called and prayed for me over the phone. I had ovarian cancer and my blood cell count went from over 8000 to 1637 in one night! The doctor was very surprised. That is the power of prayer! — Deanna, VIC

Please send us your testimonies of healing and breakthrough to info@kubalaministries.org We love hearing from you!
