I have always loved Asia and frequently traveled to many Asian nations during my career prior to ministry, so the opportunity to minister in Cambodia and Hong Kong in August was for me, a dream come true! In Cambodia I was part of a team from C3 Rockingham in Perth lead by Ps Claude and Carolyn Carello. We worked with a local church called Cambodia Outreach to run leadership training for local pastors, and evangelistic and healing crusades in the provinces. The crusades I took part in were held in Sdock Prey village in Takeo province. This village is well known in the province for sorcery and witch doctors, and even the local Buddhists would avoid going near Sdock Prey village for this

reason. The local Pastor, Hen Soheat is the son of a witch doctor and became a Christian seven years ago. Four years ago he planted the church in his village with Cambodia Outreach. The leadership training and crusades were held over 2 days and 2 nights, and we saw over

IMPACTING THE WORLD

750 people respond to the message of the Gospel and give their lives to Christ during that time, including 10 of the local witch doctors. Most of these people had never heard the Gospel preached before and it was so moving to see them respond to the message of salvation with such eagerness and enthusiasm. On the last night we saw an outpouring of God's Spirit like I had not witnessed before and many people were miraculously healed.

In the evenings it was wonderful to see the hundreds and hundreds of people from surrounding villages come streaming into Sdock Prey village, on foot, bicycle, piled onto motorbikes and on the back of trucks. The village they had once avoided was now the place they came to find their Saviour! The most wonderful part of this ministry was working with Ps Jesse McCaul and his team from Cambodia Outreach, and knowing that all of the people who made decisions for Christ during the crusades are being disciplined. Salvation is not the end, it's just the beginning! We continue to receive reports of the incredible things that are happening in Cambodia since the crusades. Ps Jesse McCaul and his team are doing an incredible work.

After my time in Cambodia I flew to Hong Kong to minister at The Vine with Ps Tony Snelgrove and Ps John Read. The Vine is a vibrant and fast growing English speaking church located on Hong Kong island. Ps John and Ps Tony are building an amazing church with a heart for evangelism, healing and missions. While I was there I had the privilege of ministering at the Sunday services along with Ps Ed Silviso the founder and president of Harvest Evangelism. This was an amazing opportunity for me to preach the Gospel and also to learn from an incredible evangelist. On the Sunday evening there were many salvations and a number of people received miracles of healing.

PS JANINE'S MINISTRY IN EUROPE AND THE UNITED KINGDOM

In September, I had the honour of ministering at C3 Amsterdam in the Netherlands and at Hillsong London in the United Kingdom. It was a fantastic opportunity for me to build relationship with the Pastors and leaders of these two incredible churches, as well as to connect with the amazing team at C3 London. The focus of my ministry in both places was salvation, and in Amsterdam and London I had the privilege of leading over 120 people to Christ.

The trip in September was my first time ministering in both the UK and in Europe, and so on my flight from Sydney to London I decided to channel all of my nervous energy into prayer. As the plane descended into Heathrow we flew over an endless sea of row houses and apartment buildings and then in the midst of all of the housing appeared a large open air sports arena. I felt my spirit jump to attention and the Spirit of God said to me, 'It won't be long until that arena is

filled with people seeking God. They will hear the Gospel preached and they will find Him in that place.' As I disembarked the plane I felt an excitement in my spirit that I have never felt before. I knew that the Spirit of God had gone before me to unlock the atmosphere and pour out salvation, and that this was just the beginning!

PS ANDREW'S MINISTRY AT GET SMART

Speaking at Get Smart 2010 was a highlight for me, and seeing this movement of young people grow from strength to strength is such a joy. Ps Craig and Nadia Clark are doing a sensational job in leading Get Smart and have taken the dream Janine and I had 13 years ago to a whole new level. One of the key elements of Get Smart is the National Youth Conference which is held every year in July to train, equip and inspire young people to become what God has called them to be and to live

out their God given dreams. Get Smart conference is now New Zealand's largest youth conference, attracting thousands of people annually. Here are some testimonies of God's healing power at the Get Smart Conference 2010:

'Before Get Smart, I never really believed in God and Jesus, but now I know that there really is someone who is watching over us and helping us to be the best we can be. When Ps Andrew was praying for healing, my broken toe (that I haven't been able to dance on for ages) stopped

hurting completely, and I danced properly for the first time yesterday!'

'I learned to speak in tongues and then my sore wrist got healed!'

'During the prayer, I was believing for someone else and my sprained wrist got healed!'

'My favorite part of the conference was the the healing session with Ps Andrew Kubala! God is amazing and sometimes we forget how much! Seeing all the people healed caused my faith to grow incredibly!'

“Pastor Andrew,

Thank you for saving my life.

Throughout my life I have been tormented and hurt. When you came to Epidemic in Townsville, that was the night I felt God to the fullest potential I possibly could. Ever since then, my life has been easier. I have been able to forgive those who have hurt me. I forgave my mother for what she has done to me. And it's all because of the power of God! Thank you. I cannot say it enough.”
Slim (QLD)

“Dear Pastor Janine,

It was a pleasure hearing you speak at the women's conference here at my church. Your Inspiring word of wisdom and encouraging testimony made a fundamental change in my life that will live on for years to come. I don't think there is any way we can show you our gratitude but to pray that the good Lord continues to bless and anoint you as you stand for Him and spread His word.”
Sincerely, Lizzie (QLD)

“Hi Andrew, while you were ministering for healing you called for a person with a problem in the lower back area who had been to chiropractors and physiotherapists over a number of years. I knew it was me so went forward. As you prayed, there was an amazing feeling of heat on my back. When you told me to touch my toes I gingerly went down, thinking it was going to hurt, but it didn't, so I did it again and then came up crying. When you asked me why I was crying, I explained that I had been in constant pain for the last 6-7 years to the point where I am unable to sleep at night and now the pain was gone. Since that night I have had great night sleeps and continue to be without pain. Thank you for doing what God has called you to do. Through you miracles are happening. Praise God!”

“My injury began when I fell off the house steps at aged 8. This caused a neck injury that brought huge headaches from then on. No matter what doctor or medical person I saw, no one could get them to stop. By age 14, I had developed Scoliosis. Then at age of 34 I got married to a guy who became physical abusive, causing even more pain to my neck and back. Ten years later, I received another back injury lifting a load of heavy dishes at work. In my double story house, there would be days I would have to crawl up the stairs.

Then, I heard Ps Andrew Kubala was going to be at my church. I was in pain the whole weekend, but I still raised my hands in the air towards Heaven. I wanted more of God. When Ps Andrew prayed for me my son and I could physically see my leg grow! Ps Andrew asked me how I felt after the healing. I said I feel balanced! I have X-rays to show that my back was out of balance and one hip was 1/2 inch lower than the other hip. Now they are even! Praise God! God healed many things that weekend and one of them was my self confidence. When you are hiding yourself, especial from physical abuse, you feel it's your fault and you are the cause of it. It destroys your belief in yourself, it steals your self worth, your self confidence, and you are ashamed of who you are. But not any more. God has healed me!”
Sandy (QLD)

“I injured my back in 2004 and then suffered an additional 2 injuries over the next 4 years. My lifestyle had started to display the signs of my mild yet constant pain – I would no longer run, jump, muck around or do sports, because this would all exacerbate my pain. When Ps Andrew Kubala was praying for the sick at my church I felt God say to me 'What about your back Samuel?', and I knew that meant it was my night. Next I saw a vision of my fractured L5 lobular spine being refused. I saw bone matter refill the cracks that had formed and I also saw liquid replenishing what I now believe to be discs. After this picture in my mind God said, 'Tonight is your night!' Then sure enough, Ps Andrew called me onto the stage and used those exact words, 'Tonight is your night!' Much was said and much was prayed, but what I remember most is the power I felt on stage. There was so much power that I could not stand, and collapsed onto my knees. Then I stood back up, tested my back, and there was no more pain, and my movement was no longer restricted. Everything was free and loose! The MRI scan results after my healing experience are very conclusive, no more “pars defect”. This is truly a miracle and a testament to Gods faithfulness! Glory to GOD!”
